

Suit Girl ZiXuan

About Render Pipeline

Default is URP.

If you want to use Build-In RP. double click" FemaleCommentator/ BuildInRP_ZiXuan / ZiXuanBuildInRP"

HDRP is not configured in this asset, But the mesh and texture itself can be used in HDRP, You need to configure the materials yourself.

Where is the demo?

ZiXuan: FemaleCommentator/ Modle/ YaWen / Scene

Asset description

These Characters rigs are based on Humanoid skeleton.

We've struck a balance between performance and effectiveness. Ensure that these models can still ensure good operating results in mobile phones and AR/VR headsets.

ZiXuan:

Faces 14259

Animation count: 10

BlendShapes count:20

For performance. Textures are made at the discretion of different models. All have Diffuse textures, some have Normal textures, and some have AO.
